

# Van Halen, Why can this be love

Oh here it comes again  
That funny feelin again winding me up inside  
Every time we touch  
Hey I dont know  
Just tell me where to begin cause I never ever  
Felt so much

Chorus 1:

No I cant recall any love at all  
Baby this blows em all away

Chorus 2:

Its got what it takes  
So tell me why cant this be love  
Straight from my heart oh tell me why  
Cant this be love

I tell myself

Hey only fools rush in an only time will tell  
If we stand the test of time

All I know

Youve got to run to win an Ill be damned if  
Ill get hung up on the line

Chorus 1

Chorus 2

Chorus 2

Tell me why cant this be love  
Baby why cant this be love  
Got to know why cant this be love  
I wanna know why cant this be love
