

Van Morrison, Evening Shadows

(Van Morrison/Acker Bilk)

When evening shadows fall
Minutes seem so long
When evening shadows fall
I'm waiting for the dawn
I miss you every night
Just about this time
You're always on my mind
When evening shadows fall

When evening shadows fall
End up staring at the wall
Even when you're gone
The feeling's all so strong
Want you to come on back
Back where you belong
So I can sing my song
When evening shadows fall

Well I'm living in a dream
And it's getting so late
And you call my name
And I'm wide awake

It might as well be night
Hope that you're alright
Well I just can't wait
To get you in my sight
I'm here every day
Just about this time
From dusk till dawn
When evening shadows fall

Well I'm living in a dream
And it's getting so late
And you call my name
Then I'm wide awake

It might as well be night
Hope that you're alright
Well I just can't wait
To get you in my sight
You ask me if I miss you
I say not at all
Only every night
'Bout this time
When evening shadows fall

Every night about this time
When evening shadows fall
You're always on my mind
When evening shadows fall
