

# Van Morrison, If You Love Me

If you love me  
You will give your heart  
Why should we be apart  
If you love me

If you love me  
You will know the truth  
I wasn't born to lose  
And I love you

Affinity and communication  
That makes reality  
Understanding is the first thing  
It means so much to me

If I love you  
I will find the key  
If it's meant to be  
'Cause I love you

Affinity and communication  
That is reality  
Understanding is the first thing  
It means so much to me

If I love you  
I will find the key  
If it's meant to be  
'Cause I love you
