

Vance Joy, Don't Fade

I could hold you like this, all day
Didn't get much sleep that's ok
Not a single thing needs to change
We can be the light that, don't fade away
Hm babe

I wish you could see what I see when I'm seeing you
I want you to know how I know that I need you
No one can do what you do when you get me through
So I wish you could see what I see when I'm seeing you

I could hold you like this, all day
Didn't get much sleep that's ok
Not a single thing needs to change We can be the light that, don't fade
Baby we can keep our own time

Forget about what's going on outside
People say that nothing gold can stay
We can be the light that, don't fade away
