

Vanden Plas, Day I Die

Music: S.Lill

Lyrics: A.Kuntz

The reason for the change within the center of the blood
surrounded by a dream until the soul can find a door
easy to believe in

now we're living on a lie that we never cry tears and don't want to die

do you really want to change

don't you trust your fears

I don't die

I don't die

I don't

I don't die

till the day that I die

easy when you change

easy way to live

the feeling when I taste forgiveness in the wind of tenderness

now we're flowing in a stream to the wisdom's edge

how we ever pass through when we're dying at the door to

do you really want to change

don't you trust your fears

I don't die

I don't die

I don't

I don't die

'till the day that I die

'till the day that I die

I don't live 'till the day that I die
