

Vanessa Amorosi, Everytime I Close My Eyes

"Do you remember the time we used to spend
Doing what we used to do back then
But the only thing that's different now
You won't admit your love, that's if you'll love me again
Everytime I close my eyes
The visions reappear
And when I wake up your not NEAR
Could you fall in love with me again
Cause all I see is you
Everytime I close my eyes
When you look at me I wish you were mine once again
Cause now I love you more than I did then
And I'm hopin' that we can mend it all back
That when we're together the spark is there
And the flame comes back
Everytime I close my eyes
The visions reappear
And when I wake up your not NEAR
Could you fall in love with me again
Cause all I see is you
Everytime I close my'
Should I tell this to you, instead of let it go
Tell you what I feel and let it show
No matter how hard that I think this through
My feelings are the same I'm in love with you
Everytime I close my eyes
The visions reappear
And when I wake up your not NEAR
Could you fall in love with me again
Cause all I see is you
Everytime I close my eyes
All I see is you
Everytime I close my eyes
Everytime I close my eyes
Everytime I close my eyes";
