## Vanessa Carlton, My Best

Mm-mm-mm-mmm-mm We scream and shout And try to make it last Though it didn't work out I don't love you any less

My lover or friend I won't ever tell Our secret's safe An unspoken citadel

And in these broken times Well, it's so easy to forget So I sing to remind Upon my shoulder you can rest 'Cause I'll always give you my best

A sidewalk's path leads me to you Though we don't look back We hold on to a truth

And in these broken times
I promise I will not forget
Though you're not mine
Upon your shoulder I can rest
'Cause you always give me your best

It's like a promise kept It's like you never left It's like you never left

Mm-mm-mm-mm-mm-mm Ah-ah-ah-ahhh-ah

I know it's been so long
I can't ever seem to forget
All it takes is a song
And I could swear I hear your steps
Down the hall that goes up past
That leaves an ache
It's never left
'Cause I gave you my best
Ahhhh

It's like you never left It's like you never left

Ah-ah-ah-ahhh-ah-ah We scream and shout And try to make it last
