

# Vanessa Carlton, Red Ditty

If in the middle of a vital conversation  
I chose not to listen  
Would that be okay?

And if in the middle of a heated confrontation  
I chose not to  
Would that be okay?

And if I love you without reference to occasion  
Would you run away?  
Or would that be okay?

And if in the middle of this final declaration  
I walked away  
What would you say?  
Would that be okay?
