

Vanessa Carlton, Swindler

I've been mistaken
You've swindled once again
Now there's no question
I, I was wrong
And now I stand alone
Just studded in your throne
Your true colors shone
You don't belong

(chorus)
And now I'm lost
And now I run from you
And now I see
Just how I bleed from you
And all the lies
All the lies
How could I let you in
But now it's clear
I went along for the ride
Ow, a-a-a-ow

Hey mister, merry man
I know you'll come again
Till you find just what your lookin' for
And if I'm your little lamb
Why'd you leave again
Ah, no I'd bet you'd stay for more

(chorus)

And now I'm findin' out
You were nothin' 'bout
Ah, what I thought you were
And now I understand
Just how you work your plan
First your warm and then you just burn

(chorus)

And now I make my way
Through another day
Ah, cause I know better now
You'll run another line
It's someone else's time
But in me you still resound

(chorus)

Ow, a-a-a-ow

No, no, no, no
No, no, no, no
