

# Vanessa Hudgens, Let's Dance

Dance!

It's so hot  
I can't stop  
The music fills the room  
Vibrations  
Sensations  
That beat goes boom, boom, boom

I've got to keep it together  
I've got to keep it together  
I've got to keep it together  
Watch the crazy people dance

Let's dance  
Show me (show me)  
Hold me (hold me)  
Control me (yeah)  
Let's dance  
Take me (take me)  
Shake me (shake me)  
Make me (make me)

Just like that  
Don't hold back  
Get crazy on the floor  
We'll have fun  
All day long  
And then we'll still want more

I've got to keep it together (together)  
I've got to keep it together (together)  
I've got to keep it together  
Watch the crazy people dance

Let's dance (let's dance)  
Show me (show me)  
Hold me (hold me)  
Control me (yeah)  
Let's dance (let's dance)  
Take me (take me)  
Shake me (shake me)  
Make me (make me)

Let's dance (tonight)  
Show me (feels so right)  
Hold me (hold me tight)  
Control me  
Let's dance (right now)  
Take me (spin me round)  
Shake me (shake me down)  
Make me

Look in my eyes  
You'll realize  
We can't deny  
I'm into you  
And you're so into me  
I know you can't fight what is left to be

Let's dance  
Yeah!

Hold me

Let's dance (tonight)  
Show me (feels so right)  
Hold me (hold me tight)  
Control me (yeah)  
Let's dance (right now)  
Take me (spin me round)  
Shake me (shake me down)  
Make me (let's)

Let's dance (tonight)  
Show me (feels so right)  
Hold me (hold me tight)  
Control me  
Let's dance (right now)  
Take me (spin me round)  
Shake me (shake me down)  
Make me

Let's dance
