

# Vanessa Paradis, Lonely Rainbows

Tonight I'm yours  
And you are mine  
I know a place where we can hide  
I know a place  
Where we can finally see the rainbow  
And we can fly fly fly fly fly  
I know a place  
Over the lonely rainbow  
Where we can make things right  
I know a place where we can  
Always be together  
And we can go tonight  
I know a place where we can live our lives  
And I know a place  
Where we can see the light  
I know a place  
Over the lonely lonely rainbow  
Where we can make things right  
Over the lonely lonely lonely lonely  
Rainbow.
