

Vanessa Paradis, Silver & Gold

How many children must die
How many rivers run dry
How many angels must cry
For silver and gold

Why don't we learn
From our past
How many more years
Will we last
Life is just moving so fast
For silver and gold

How much more time

Can we waste
How much more land
Be defaced
'cause soon we will all be erased
For silver and gold

'cause our earth should last forever
And our lives forever on
For God gave us all to partake
Why can we just learn to relate
We're pissing on our children's face
For silver and gold.
