

Vanessa Williams, I'll Be Good To You

I want to know
Just how you feel
Said I wanna know
If what you feel is real
'Cause there is a reason
For the things that I say
I wanna love ya boy
In a special way

We've been together, for so very long
I would hate to break up, break up my happy home
The way we stand and the way we lie
The way we love and the way we cry
Of all these things, there lies a tie
Makes me feel that it's worth a try
I'll be good to you
(I'll be good to you, baby)
(I'll be good to ya, good to ya, good to ya)
(I'll be good to ya, good to ya, good to ya)
(I'll be good to ya, good to ya, good to ya)
(So so good, so so good)

We've been together
For very long time
I want to make up, I'll be yours, you shall be mine
So take a step, now, and let me know how
I'll let you know how
All of your ways, boy
All of my ways, girl
And all your know-how
The way we stand and the way we lie
The way we love and the way we cry
Of all these things, there lies a tie
Makes me feel that it's worth a try

I'll be good to you
(I'll be good to you, baby)
(I'll be good to ya, good to ya, good to ya)
