

# Vangelis, I Hear You Now

After the first embrace from you my senses knew  
The look of love was in your eyes  
And after we first make love our senses tingle to  
The touch oh how we hypnotize

Oh, to get the feeling on and on  
Oh, just to get the feeling

Holding you closer in my arms we drift to heaven  
Bringing in the morning light  
And after all is said and done there's only us  
We can make it right

So, our love will carry on and on  
Now our love will be free, be free.

And when we play, love don't delay, I hear you now  
For what was then, is what is now, anyhow  
As I became a guest of love's tune here again  
We'll carry on together like today.

After the first embrace from you I want you too  
After the first embrace from you I want you too
