

# Vanishing Point, Forgotten Self

In my wake I see a sullen sky  
Chase away, past themes  
into some other sphere  
Flowing with time in an unfamiliar scene  
Ascertain, reach out,  
to discover where from here

Withdraw conclusions  
in an attempt to open doors  
Cast out all theories to create destiny  
Allude to people held up  
away above their call  
Appraise no one, but be faithful  
to everyone of us all

In my attempts, i've tried  
To run away and hide  
From all life's mysteries  
In this solitary state  
If only time would wait  
To heal my wounds in silence

Waiting for a new change  
I can't remember my life  
I don't know who I am
