

VanVelzen, Foor For Life

Is this the way I wanna live
Trying hard not to miss
Anything life might give
Why do I keep on running round
Chasing my tail, never exhale
How come I never settle down

Will I ever rest my head
At ease, at peace and in need of nothing else
I ask of you

Chorus:
If only fools are satisfied
Take my sanity away
If only fools are satisfied
Let me be a fool

When will I ever lose this drive
I try but I never seem to win this fight
I'm like a house without a soul
The emptiness keeps me going
Maybe you can make me whole

And sooth my head
At ease, at peace and in need of nothing else
I ask of you

If only fools are satisfied
Please take my sanity away
If only fools, fools are satisfied
Let me be a fool

Chorus

...for life
