

# Various, Dont Hide From Me

(Vern Gosdin)

Don't you think you should have called  
To tell me you were coming down  
Oh you look so out of place  
On this troubled side of town  
It's a place where losers go  
When they know there's nothing left  
And after losing you  
I just lost the will to live  
Do you believe me now  
I told you time and time again  
My heart and soul is in your hands  
Do you believe me now?  
Do you believe me now  
Look at the living dying proof  
I ain't nothing without you  
Do you believe me now?  
I don't know what changed your mind  
I won't ask if this is real  
I don't know if you're a dream  
I just know how good it feels  
If you could find it in your heart  
To say the fire for me still burns  
I'll find a place to turn around  
Down this road of no return  
Do you believe me now  
I told you time and time again  
My heart and soul is in your hands  
Do you believe me now?  
Do you believe me now  
Look at the living dying proof  
I ain't nothing without you  
Do you believe me now?
