

Varnadeau Jeni, Come With Me

Eccl. 4:9-11; Rom. 12:4-8

Jeni Varnadeau

I don't wanna walk on this journey alone

Who's gonna come with me

I don't wanna take this journey all by myself

Who's gonna come with me

Life's an adventure that we all must explore

Too unknown and too exciting not to share it

So if we can walk together

Then we can help each other through it

I don't wanna walk on this journey alone

Who's gonna come with me

I don't wanna take this journey all by myself

Who's gonna come with me

It's a long hard road that we all must go down

And I don't think the path will be smooth, no

But it'll be worth it in the end

But we can never get there if we never begin

I don't wanna walk on this journey alone

Who's gonna come with me

I don't wanna take this journey all by myself

Who's gonna come with me

It's a long way to walk

When you're tired and confused

It's a long way to walk

When you're feeling abused

It's a long way to walk

When you're walking alone
