

# Varnadeau Jeni, Come With Me

Eccl. 4:9-11; Rom. 12:4-8

Jeni Varnadeau

I don't wanna walk on this journey alone  
Who's gonna come with me  
I don't wanna take this journey all by myself  
Who's gonna come with me  
Life's an adventure that we all must explore  
Too unknown and too exciting not to share it  
So if we can walk together  
Then we can help each other through it  
I don't wanna walk on this journey alone  
Who's gonna come with me  
I don't wanna take this journey all by myself  
Who's gonna come with me  
It's a long hard road that we all must go down  
And I don't think the path will be smooth, no  
But it'll be worth it in the end  
But we can never get there if we never begin  
I don't wanna walk on this journey alone  
Who's gonna come with me  
I don't wanna take this journey all by myself  
Who's gonna come with me  
It's a long way to walk  
When you're tired and confused  
It's a long way to walk  
When you're feeling abused  
It's a long way to walk  
When you're walking alone
