

# Varsity Fanclub, Lost Then Found

Jayk: You don't gotta worry anymore  
Girl I got a feeling since you walked through the door  
That we don't need nobody but the two of us  
Just you and me against the world  
We don't gotta look for  
It's so hard

You and me were lost now in each others arms  
Finally we found something that we can hold  
And I can't let it go 'cause now

All: Tell me how

Lost in the love now that's pulled me in  
Seaching for some kind of sign to begin  
Caught in your world, now I'm turned around  
Now that you've got me lost then found  
I'm looking and you're looking  
I'm looking and you're looking  
I'm looking and you're looking  
You got me lost then found  
I'm looking and you're looking  
I'm looking and you're looking  
Now that you got me lost then found..

Drew: I don't gotta see it to believe  
All I gotta know is that you never would leave  
And you don't need a story  
Of how my heart broke

'Cause I can tell you already know  
I know how he treats you, it's so bad  
I can almost hear all of the things that he said  
We don't need to spend it one minute longer  
Thinking 'bout the past

What doesn't kill, us makes us stronger now

All: Lost in the love now that's pulled me in  
Seaching for some kind of sign to begin  
Caught in your world, now I'm turned around  
Now that you've got me lost then found  
I'm looking and you're looking  
I'm looking and you're looking  
I'm looking and you're looking  
You got me lost then found  
I'm looking and you're looking  
I'm looking and you're looking  
Now that you got me lost then found..

Drew: Whenever you're lost it's easy  
Baby just call for me  
'Cause you know I'll be calling for you  
Whenever you turn the page  
Dance on another stage

Know that this time I'll be dancing with you

All: Tell me you got me, and turned me around  
Now look what we found

Lost in the love now that's pulled me in  
Seaching for some kind of sign to begin  
Caught in your world, now I'm turned around  
Now that you've got me lost then found  
I'm looking and you're looking  
I'm looking and you're looking  
I'm looking and you're looking  
You got me lost then found  
I'm looking and you're looking  
I'm looking and you're looking  
Now that you got me lost then found..

Lost then found, lost then found, lost then found  
Lost then found, lost then found, lost then found  
Lost then found, lost then found, lost then found
