

# Varsity Fanclub, Used To Be Lonely

Stranded, lying here  
Hope had disappeared  
I thought she'd never go  
I wasn't part of her story she told me  
Out of sight but still on my mind  
I tried so hard to leave us behind  
No matter what I did her memory lingered  
I can feel her  
The separation was so hard  
Never thought I'd revive my heart  
I used to be lonely 'til you saved me  
I used to be lonely on my own  
But now I know only you can show me  
How to love I used to be lonely  
Looking back it all makes sense  
Unexpected twist of events  
That led me straight to you  
It was all meant to be, now I see  
I needed her to get to you  
You helped me make it through  
I used to be lonely 'til you saved me  
I used to be lonely on my own  
But now I know only you can show me  
How to love I used to be lonely  
There was a time I thought I'd never love again  
(I'd never love again)  
But then you came along and showed me that I can  
I used to be so lonely  
I used to be on my own  
But now only you showed me  
How to love  
I used to be lonely 'til you saved me  
I used to be lonely on my own  
But now I know only you can show me  
How to love I used to be lonely
