

Varsity Fanclub, We Will

Girl, Whatcha waitin for?
We could get it on
We can set it up
Baby 'cause you know
If no one wants to start the show
Than we will, we will
Girl, Whatcha waitin for?
We could get it on
We can set it up
Baby 'cause you know
If no one wants to start the show
Than we will, we will
Here is your chance
And we'll see you stand up
If you ain't got the moves
make your own dance up
Come on
Let the music be the stars of your energy
Baby can you feel my sexuality?
Dont tell me to Stop
