

# Vasco Era, When We Were Gettin To Forgiving Y

Hello, I regret what I said when I was drunk  
Hello, but I probably meant it and it was all for you  
They say guys do this kind of thing  
Oh, they say guys do this kind of thing

Ain't it just a cop out?  
Ain't it just a cop out?  
Ain't it just a cop out?  
Ain't it just a cop out?

Hello, if I know something about myself  
It's that I'm perceptive, oh  
And I know there's a demon  
And they're getting to you  
But we're starting to forgive  
Ah, you know we're starting to forgive

Is that just a cop out?  
Is it just a cop out?  
Is it just a cop out?  
Is it just a cop out?

No, no, no, I won't say a bad thing about you  
No, no, no, I won't say a bad thing about you
