

# VAST, Dedicate (A Place For Me)

People say that I loved you too much  
Because I think about you now  
And it's been two years  
Images of you with him  
Play again and again inside my head  
I hope you fall  
I hope you fail

If you ever loved me  
If you ever knew me  
You should know that I am gone  
If you ever loved me  
If you ever knew me  
Dedicate a place for me

Thoughts of you  
Flow into me like poison  
No one can see  
No one can feel  
I'm too small  
I'm too big  
Too blind to see you're shining  
Way overhead  
I hope you fall

If you ever loved me  
If you ever knew me  
You should know that I am gone  
If you ever loved me  
If you ever knew me  
Dedicate a place for me

I'm gone and I'm forgotten  
I'm gone like I never existed at all

If you ever loved me  
If you ever knew me  
You should know that I am gone  
Have you ever needed  
Have you ever needed  
Dedicate a place for me  
Dedicate a place for me
