

VAST, You're Too Young

It's after two
And I am all alone
Then she appears
She says she'll get me home
We end up lost
In a suburban maze
And then she says her house is on the way
I should leave
It's time to go back home now
I should leave
You're too young for me
She has a man
She says he's just a boy
And she wont bite
Unless it brings me joy
I don't know where all the time has gone
I don't know where all the years have gone
I should leave
Put your clothes back on now
I should leave
You're too young for me
I should leave
It's time to go back home now
I should leave
You're too young for me
