

Vaughan Penn, More Than Meets The Eyes

It's not a sign of weakness
When it's out of your control
To everything there is a reason
And a time for letting go
Things aren't always as they seem to be
And sometimes life is something
You can't see

(Chorus:)
It's more
It's more than meets the eyes

It's more
It's more than meets the eyes
It's more...

So go ahead and cry for something you can understand
There's no real need to ask why for
We're all a part of this master plan
Things aren't always as they seem to be
And sometimes life is something you can't see

(Chorus)
