

VeggieTales, I Can Be Your Friend

Have you ever seen a boy with funny clothes?
A girl with braces on her teeth or freckles on her nose?
Some kids call them odd balls some kids call them wierd
Is it my imagination or does aunt ruth have a beard?
God makes lots of people in all colors, shapes and sizes
He loves them very much and what we need to realize is
That calling people names because they're different is wrong
Instead we need to look on them in love and sing this song

[chorus]

I can be your friend

I can be your friend

Any day andy weather

We can be friends and play together

Ya were all pretty different some are skinny some are stout

But the inside is the part were supposed to care about

Aye thats why we have feelings that are very much the same

So instead of wierdo i think friends a better name

[chours]

I can be your friend

I can be your friend

If your hair is red or yellow

We can have lunch i'll share my jello

I can be your friend

I can be you friend
