

VeggieTales, It's Lenny's Fault

Junior: It's Laura's fault, she broke the plate.
I tried to stop her. She said she had to demonstrate
her apple chopper.

The apple chopper worked just great but chopped
right through your bowling plate. It's Laura's fault,
she broke the plate, it's true.

And that's the tale I have to tell to you!

Junior: It's Lenny's fault, he broke the plate
He's very naughty.

Just how was I to know he hated Art Begotti?

He gave it to a crocodile,

Who chewed it up for quite awhile

It's Lenny's fault, he broke the plate, it's true!

And that's the tale I have to tell to you!
