

Velasquez Regine, I Can

Refrain:

I can live, I can love
I can reach the heavens above
I can right what is wrong
I can sing just any song
I can dance, I can fly
And touch the rainbow in the sky
I can be your good friend
I can love you, until the end
What took you so long to make me feel
How lucky I am 'coz I am free
Free to do the things I wanna do
What took you so long to make me feel
I can give love, a love so real
What took you so long to let me know...that
repeat Refrain

Bridge:

What took you so long to make me cry
So I will know the reasons why
I'm so lucky I can smile
I didn't know this for a while
repeat Refrain
