

Velcra, Tension

Another ancient ceremony
Meaning long forgotten
Endless limerick, my entanglement
One eye one vision, one first impression
So rescue, fulfil the trivial

Go through the deep black hole
In the eye of unknown
Hit the final goal
Ascension
Beat me up when I crawl
Bring me down when I fall
Hit the final blow
And kill this tension

Go, tell me more, take me anywhere
From this fear that I can't go on
I don't know how to be more free
Please, help me let myself go

Broken promises only will serve to clarify
My hunger, growing stronger
Take the liberty to intensify this
One way, one mission, one last collision
High fever, cold desolation

Go through the deep black hole
In the eye of unknown
Hit the final goal
Ascension
Beat me up when I crawl
Bring me down when I fall
Hit the final blow
And kill this tension

Go, tell me more, take me anywhere
From this fear that I can't go on
I don't know how to be more free
Please, help me let myself go

One day my fear will turn to courage
One day my pride will be rewarded
One day my faith is all that matters
One day I'll wake up and feel no tension
