

Velocity Girl, The All-Consumer

When your car comes crashing
Through your morning routine
And there's nothing left to do
I'll be standing by and watching you
And if you ever wonder
If I still remember
Well I'd like to think I do
It doesn't mean I want to be with you

Please don't take me seriously
(Now that I know that you exist)
Please don't take me to heart
(Does it all come down to this?)
What're you gonna do now?
What am I gonna do, there's things to remove from you
Who are we trying to fool anyway?
And what are you trying to say?

If your turn is over
Or you just discovered
That the wait is far too long
Then who am I to try to prove you wrong?
And since you need to know why
I always act so uptight
Well if I could own your shoes
Maybe then I'd be as nice you
