

# Velvet Acid Christ, Satan Complex

destroy  
it's the vein, they're the same, lost  
religion, relive the past  
government's tool to keep you a passivist  
yeah right, like the governments cover up scams  
like the cia, f\*\*king killing everybody  
see the sky  
in your veins  
another broken f\*\*king loss  
suck into this absolutely nothing  
loss in trance  
ego trip, ego kill  
in the sky  
bullshit  
tv fantasy hypnotize you  
the lies of the state right through the f\*\*king media  
like the lies that they cover up on police brutality  
like a f\*\*king thorn in your side  
but never question authority  
just continue to be a slave  
play this game, play this game  
a slave, a slave  
capitalist economy war  
to keep us all down in the third world war  
don't you worry, don't you sweat  
just sit on your ass  
and believe the f\*\*king government  
animals tortured for your clothing  
sick disease, meat  
f\*\*king disgusting  
crude rude, humanistic greed  
"Do you love satan and all of his works?"  
f\*\*k no, i don't worship the devil at all  
subversive, collective  
overthrow the establishment
