

# Velvet Belly, Always

Tell me will I remember  
All the things that I forget  
Something to be proud of  
Something good yet something to regret

And tell me will I remember  
To always keep it close  
What we feel for each other  
Each and every day so precious

Always an horizon  
Always my star  
Always much closer  
To who we are

Tell me about a moment  
Strangers by the sea  
We're always here together  
All the best of times for you and me

Always an horizon  
Always my star  
Always much closer  
To who we are
