

Velvet Belly, My New House

music : Velvet Belly
lyrics : Anne Marie Almedal

Will you come
To look at my new house
And the street
I'm living in a big city
Will you come to look for me

Will you come
It's been so long
And you'll be the first one

I miss having you around
I spend too much time alone
And every day lasts so much longer now
Will you come to look for me

Oh come
It's been too long
You'll be the first one
