

Velvet Belly, To See The Light

I look ahead
See the light
Know to fly
With the wind
I'll dream on
Dream on
And everything
Turns around
And I fall slow
Your loss low

Next time we'll meet
Oh my darling
Don't think about it
Close your eyes
Dream on
Oh my darling
Don't think about it

I look ahead
Finally
I know what it takes
And where to go
I'll dream on
Dream on

Next time we'll meet
Oh my darling
Don't think about it
Close your eyes
Dream on
Oh my darling
Don't think about it
