

Velvet Chain, Wait For Me

J. stacy / e. amato

I'm gonna be so far away. to be apart makes me unhappy. you won't see me for a long long time. I

You wait for me

I'll be a good girl - always true. no raisin' hell like I usually do. I'll stay at home and just think of you.

You wait for me.

Don't you worry, can't you see. you can always count on me. just because I'm far away. doesn't me
If you call and maybe I don't answer. you know I might be sleeping. don't think I'm out getting crazy

You wait for me.
