

Velvet Eden, Tsuppari Visuaru Rokku N Rooru

leaving mom...}

Today let's be happy and cram some costumes, merchandise, and technical stuff in bags

Wannabe bad-ass Rock n Roll

Wannabe bad-ass Rock n Roll

We arrive at the livehouse early and there's no parking lot there

The waiting fangirls at the doors give us half smiles

But we don't have on our make-up so they don't recognize us at all

Wannabe bad-ass Rock n Roll

Wannabe bad-ass Rock n Roll

Drawin' on our eyebrows in places they weren't before

When we enter the dressing room the visual boys there

Give us looks that say "you wanna fight?" as we exchange glares

{good morning ^^}

Wannabe bad-ass Rock n Roll

Wannabe bad-ass Rock n Roll

Let's vie for the title of the suckiest band here {can't laugh, it's true...}

Dialogue:

Today I saw someone cosplaying you.

Really? How'd they look?

Pretty...bad...

Where? When?

A while ago, in front of the station.

That...was me...

If I aim for the front row and jump down to bodysurf

There isn't anyone there and I rush to meet the floor {oof}

Wannabe bad-ass Rock n Roll

Wannabe bad-ass Rock n Roll

But then my life's gonna be like this forevermore {sad times...}*

Well then everybody, don't stop here I say

Let's go down to the station and drink our cares away

Wannabe bad-ass Rock n Roll

Wannabe bad-ass Rock n Roll

Now we're at the bar and the sake's calling my name {chug! chug! chug!}
