

Velvet, The Queen

People take a bow...
I am... I am... I am the Queen...
I'll make you the king
Give you a home within my castle,
Everything, and everything
I know that your heart is
Beating faster for my love...
If it's true love...
You'll feel...
For me...
People take a bow
Show me that you love me
I am... I am the queen
Everybody take a bow
Cause I'm the one and only
I am... I am... I am...
I am... I am the queen...
I'll give you a crown
Build you a world
You've never dreamt of...
If you are the one,
Tell me that I'm the one and only
In your heart...
If it's true love...
You feel for me...
People take a bow
Show me that you love me
I am... I am the queen
Everybody take a bow
Cause I'm the one and only
I am... I am... I am...
I am... I am the queen...
The one and only!
I am... I am... I am...
I am... I am... I am the queen...
People take a bow
Show me that you love me
I am... I am the queen
Everybody take a bow
Cause I'm the one and only
I am... I am... I am...
I am... I am...
People take a bow
Show me that you love me
I am... I am the queen
Everybody take a bow
Cause I'm the one and only
I am... I am... I am...
I am... I am... THE QUEEN!!
