

Venera, Kangaroo

There's something going in the air tonight
and we all know what it is
kids are boppin' around
we're all feelin' alright
and we all know why it is
what's the use in stayin'
at the status quo?
dare to go!

something's flying in the air tonight
something all the kids wanna do
go stagedivin' in the air tonight
dare to go!

I know some bigshots who complain
about the kids who dive
and I don't know why they do it
feel free to dive when we're playin' live
can't see the reason not to do it
what's the use in fighting
in the front row ?
dare to go!

chorus

don't mind your face
when you're in the boppin' race
jump from the stage
like a kangaroo in a rage!
