

# Venera, Mr. President

Cliff Barnes  
where would you have been  
if j.r. wouldn't have been there  
with his dollar grin ?  
What would you be doing ?  
Would you be screwing a wing ?

(Chorus:)  
Mr president  
save our human rights  
Mr president  
save us from the night

Digger Barnes  
that's his old man  
He once dated miss Ellie  
but he lost again  
that's where it all began  
But Cliff, you're still my captain  
captain my captain

(Chorus)
