

Venerea, Supersurfin' Fun

now the summer has come
and it's time to catch the sun
let's go down to the beach
for some supersurfin' fun
semi-saltstained hooters
as far as I can see
see-row after see-row
just waitin' there for me
it's hot as hell
& it ain't a bad place to be

It's just supersurfin' fun
plenty of good times for everyone
supersurfin' fun

the sand is warm and grand
& the ocean's bright and blue
we're boppin' to the hard-ons
what am I sposed to do?
our friends are out of surfin'
on waves that make 'em soar
while I'm in annie's drawers
as we're stuck here on the shore
and I sincerely hope
they'll never get surf-bored
'cause I'm havin' supersurfin' fun...
I wish this summer wouldn't end
but it's no use to pretend
soon the autumn's close at hand
but as long as we can
we'll have our supersurfin' fun...
