Veni Domine, Ritual Of The Sinner

In The Depth Of Their Souls Where The Sun Won't Shine

A Rage For The Sacred A Desire So Undefined

Turned Into Thoughts Of A Throne In The Sky

Deeply Connected To The Tower Of Babel History Repeats Itself

Made Impact On The Souls Who Were Led Astray

Gave Them Hope For Tomorrow But Led Them Further Away

Tears Shed In Confusion Could Drain Us Alive

But The Greedy Insist That They Will Be The Ones To Survive

Ashes To Ashes And Dust To Dust

To Fool Death You've Got To Know Who To Trust

Ritual Of The Sinner

Down On Your Knees With A Stone Cold Heart

Trusting In Him Will Tear You Apart

Ritual Of The Sinner

There's Blood Shed Tonight In The Spiritual World

The Humble Won't Cry Not Afraid To Die

It's Not To Late To Win The Race, Just A Few Days

Twisting Heads Around "Perfectly Systematic"

Dance With Covered Eyes - In The Ritual

Blasphemy To It's Core Rotten All Through

Just Like Drinking Sulphuric Acid

Laying Words In The Mouth Of God

Beware Of The Day When The Truth Shall Arise

Time Will Be No More, You Have To Be Sure

We're Heading For A Long Cold Winter Age Of The Lonely

Fulfilling The Prophecies Of Ancient Seers

That's Our Hope And We Do Have To Lean On It

To Avoid Total Confusion

There's A Price On Your Head

The Father Of Sin Needs You Sacrificed

But He's Forced By The Hour To Gain Place In Your Heart

So Stay The Distance, Yes Please Stay The Distance

Ritual Óf The Sinner

Inspired By The Lust To Turn You To Dust

Controlled By The Liar And Fed By His Fire

Ritual Of The Sinner

The First Shall Be Last The Last Shall Be First

It's Not In Vain God Will Ease Your Pain

When It All Comes Down, We're All Sinners Of Some Kind
