

# Venom, Bursting Out

I'm a son of a bitch ready to stitch  
You muthers not ready to rock  
I've shed all my tears & ain't got no fears  
& they key to my heart bears no lock

Hell has granted me three wishes  
Life - Death - Immortality  
I will ride the wings of darkness  
Fuck your blessed trinity

Coz I'm bursting - I'm bursting out  
Coz I'm bursting - I'm bursting out

I'm a bastard & brave I'm nobodies slave  
I'm telling you once & for all  
Breaking the laws coz I know the score  
Waiting on nobodies call

Hell has granted me three wishes  
Life - Death - Immortality  
I will ride the wings of darkness  
Fuck your blessed trinity

Coz I'm bursting - I'm bursting out  
Coz I'm bursting - I'm bursting out

Let's burst right out of here  
&quot;Let's go&quot;
