

# Venom, Hounds Of Hell

Summoning the Hounds of Hell  
To do my deadly deeds  
In the magic pentagram  
I plant satanic seeds  
Summing forth the elements  
Lightning, thunder and rain  
Mortals fear this ritual  
They think it is a game

Laughing, crying  
Never dying  
Feel the Earth's core bleed  
Synchronizing, perfect timing  
Watch the Heavens scream

For the Hounds of Hell

From inside the pentagram  
I see the signs of life  
Up from Hell my babies come  
With eternal life  
Summoning infernal bloodlust  
I set the demons free  
Go unto this world  
And destroy everything you see

Laughing, crying  
Never dying  
Feel the Earth's core bleed  
Synchronizing, perfect timing  
Watch the Heavens scream

For the Hounds of Hell
