

Venom, Hounds Of Hell

Summoning the Hounds of Hell
To do my deadly deeds
In the magic pentagram
I plant satanic seeds
Summing forth the elements
Lightning, thunder and rain
Mortals fear this ritual
They think it is a game

Laughing, crying
Never dying
Feel the Earth's core bleed
Synchronizing, perfect timing
Watch the Heavens scream

For the Hounds of Hell

From inside the pentagram
I see the signs of life
Up from Hell my babies come
With eternal life
Summoning infernal bloodlust
I set the demons free
Go unto this world
And destroy everything you see

Laughing, crying
Never dying
Feel the Earth's core bleed
Synchronizing, perfect timing
Watch the Heavens scream

For the Hounds of Hell
