

# Venom, One Thousand Days In Sod

Unholy city a sinners delight  
No-one was spared out of mind, out of sight  
Hatred and slaughter, degradation and lust  
Self destruction never counting the cost  
No-one knew the suffering  
Behind the city walls  
No-one heard the cry for help  
No-one heard the call

One thousand days in sodom  
One thousand days in sodom  
The ways of god forgotten  
One thousand days in sodom

Children slaughtered daily there mothers by their sides  
No mercy given no matter how they cried  
The smell of death was near  
It's presence ever near  
The priests lay bound in chains no-one would ever hear  
No-one knew the blasphemy  
The torture and the pain  
No-one saw the madness  
The priests, they died in vain

Day completes its cycle and night takes on its role  
Satan's cloak shrouds the land and his children spill their fold  
No golden cross of heaven  
Or ancient key of kings  
Could save the world of sinners when the midnight sabbath rings  
Few could hear the suffering  
And the pain of ripping flesh  
But those who did were damned in hell  
And breathed their final breath

One thousand days  
One thousand years you've lived your life in hell
