

Venom, Rege Satanus

When they opened the gates
We emerged from the dark
There was no turning back
We go straight for your throat

Our time has come - Through the wars of the damned
We bring darkness and death - To your sacred land

See that look in your eye
Like a long lost child
But your reign had to end
You're a poison and dead

Our time is here - Through the wars of the damned
We bring darkness and death - To your dying land
We lasted throughout - Despite holy lies
Impotent to deny

Reg Satanus - Satan's reign
Reg Satanus - Satan's reign

The extinction of sin
Broken churches lay bare
Now their mental oppression
Saying nought but prayers

Our time is about - Through unholy wars
You are over and out - Damned day walkers

Reg Satanus - Reg Satanus
Reg Satanus - Reg Satanus
Satanus - Satanus - Satanus - Satanus
Satanus - Satanus - Satanus - Satanus
Satanus - Satanus - Satanus - Satanus
Satanus - Satanus - Satanus - Satanus
