Weaving her deadly web of lies to tempt her pray
Her deadly poison rots the reason in your mind

Oh no - Don't you believe her - Look out

She is the fire - Heavenly hell
You can't resist - Under her spell
So inviting - The angels fell
She lets you in - Under her spell

But you can't see behind the schemes
You thought you'd fell into a dream
You should have taken more care
Can't you see your dreams - They're a nightmare

Her charms adventurous with schizophrenic lies
And then her final trick the noose that she has tied

Oh no - Don't you believe her - Look out

She is the fire - Heavenly hell
You can't resist - Under her spell
So inviting - The angels fell
She lets you in - Under her spell

[Repeat Verse 1 & Chorus]

The angels fell - Heavenly hell - Under a spell
Caught - Under a spell - Under a spell

You're caught
