

Venus, Beautiful days

I wish I was mad
Fucked up and done
I wish I was bad
And completely wrong
I wish I was made
Rebuilt-up and fake
I wish I could lie
And never could fail
And live some beautiful days
In a magical place
Beautiful loves
Perfect and straight
Beautiful days
In a magical place
A new dream is born
The new freaks have come
I wish I was fast
And crazy as a dog
I wish I could last
As long as the gods
I wish I could be
Perfectly free
Wish I was a creep
Wish I made you bleed
And live some beautiful days
In a magical place
Beautiful loves
Perfect and straight
Beautiful days
In a magical place
A new dream is born
The new freaks have come
Beautiful days
In a magical place
Beautiful loves
Perfect and straight
Beautiful days
