

# Venus In Flames, I Beg My Heart To Let Go

Yeah we used to have a good time  
And time flies when you're having fun  
You said our love was like a sweet crime  
But it's been our prison for too long

Maybe I'm going crazy  
But I'm going with the flow  
And I don't know where it'll take me  
But I beg my heart to let go

Well now I'll pack my things and go girl  
And start a new life on the road  
I know tomorrow I'll be sorry  
Because that's the way it allways goes
